**THIS IS AIM OF SOUTHERN BAPTISTS IN THEIR PRESENT DRIVE FOR \$75,000,000.**

**ENLARGE PRESENT WORK**

Forces in Field Today Are Far From Sufficient To Meet Needs of Situation, Leaders Declare—Europe Included On Program.

Now that the larger liberties enjoyed by peoples everywhere, following the close of the world war, have revealed as never before the need and the opportunity for the spread of the gospel to all the ends of the earth, the Baptists of the South have launched their program for \$75,000,000, to be raised in cash and five-year subscriptions between now and December 7th, in the hope of making a worthy beginning toward supplying this world need.

Of the total sum sought in this campaign, the actual drive for the funds

**DR. J. F. LOVE,**  
Of Richmond, Va., Secretary of Foreign Missions for the Southern Baptist Convention.

to be made during Victory Week, November 30-December 7, \$43,000,000 will be devoted to missions, and \$20,000,000 of this sum will be devoted to enlarging the work on the ten important foreign fields occupied already and to opening up new fields where countless millions of people have not yet heard the story of Jesus Christ.

Asia, Africa, Latin America (including Mexico as well as South America), and Europe are the four continents in which the missionaries of Southern Baptists are operating today but in all of the ten countries of these continents, Southern Baptists have only 316 missionaries, 787 native workers, 192 of whom are ordained, 12 foreign physicians, 6 foreign trained nurses, 21 native physicians and 23 native nurses.

"Our missionaries already on the field have wrought wonderfully for the Master, considering the difficulties they have had to confront," Dr. J. F. Love, secretary of foreign missions, declares, "but we at home have not supported them as we ought with help of all kinds and with schools, hospitals and other agencies to enable them to do a larger work in every way. The smallness of the work we have done already can be realized when we look at the vast number of people who have not been reached in the foreign fields we are occupying today. China, for instance, has a population four times that of the United States, or one-fourth the population of the entire world, and our force there consists of only 65 men, 62 married women, 49 unmarried women, 54 ordained natives and 420 unordained native helpers. Japan, which has half as many people as the United States, is being served by 9 men, 8 married women, 3 unmarried women, 11 ordained natives and 6 unordained native helpers. In Italy there are a third as many people as there are in the United States, yet we have there only 3 men, 2 married women, 35 ordained natives, and 3 unordained native helpers. Mexico has 15,000,000 people, and we have in that country and on the border a missionary force consisting of 11 men, 11 married women, 3 unmarried women, 24 ordained natives and 15 unordained native helpers. Argentina has a population of 8,000,000, and our missionary force there consists of 7 men, 7 married women, 14 ordained natives, and 7 unordained native helpers. In Africa, we have entered only one state, that of Nigeria, but this state has a population of 20,000,000, and to serve those people we have only 7 men missionaries, 6 married women, 3 unmarried women, 3 ordained natives and 52 unordained native helpers. Brazil has a territory larger than all the United States and a population of 50,000,000. Serving those people we have a force of 54 men, 33 married women, 2 unmarried women, 69 ordained natives, and 52 unordained native helpers. Our work in Chile, where there are 3,000,000 people, is only two years old but we have 12 churches, and 15 outstations, in which last year there were 122 baptisms. We need at least 200 more missionaries now and from the proceeds of this campaign we hope to employ them and then equip them and those on the field already for doing the largest work for the Master."

# RAILWAY LABOR MOVE ASSAILED

New York World, Strong Wilson Supporter, Denounces "Revolution by Ultimatum."

**PARALLEL TO RUSSIAN IDEA.**

Calis Railroad Brotherhoods' Plan for Government Ownership "Soviet Economics Venture."

New York.—The New York World, in a leading editorial, characterizes the railroad labor plan for Government ownership of railroads as "a straight-out adventure into Soviet economics."

The editorial page of the World has long had a national reputation for unflinching support of Democratic principles, hostility to Wall Street, and the most loyal and vigorous assistance to President Wilson. The World says:

"Revolution by Ultimatum."

The plan of the railroad brotherhoods for taking over the railroad properties of the country is a straight-out adventure into Soviet economics. It contemplates collective ownership, but class operation and control, which is at the foundation of the Soviet system.

The American people, through their Government, are to buy the railroads from the private owners and turn these properties over to the railroad employees to manage and operate. In consideration of an investment of approximately \$20,000,000,000 the Government is to appoint one-third of the directors, and the public is to share in such savings in the cost of operation as may remain after the employees have paid themselves what they think their services ought to be worth.

The spirit in which the program is put forth may be inferred from a statement made by B. M. Jewell, acting president of the railroad employees' department of the American Federation of Labor, in which he said that if President Wilson's suggestion to Congress was carried out "we will tie up the railroads so tight that they will never run again if that legislation is passed." It might have been Trotsky himself speaking to a bourgeoisie that had offered mild and academic objections to being despoiled.

**Who is the Government?**

Before any railroad plan can be worked out one highly essential fact must be established—namely, whether the sovereign power of the United States is vested in Government and in the American people or whether it is vested in the railroad brotherhoods.

For three years now the brotherhoods have assumed that the sovereign power was vested in them, and Congress has provided them with excellent reasons for that assumption. When the railroad employees in the critical period of the summer of 1910 demanded an eight-hour day and threatened a general strike, President Wilson sent a message to Congress in which he urged that the eight-hour day be made the basis of work and wages, but he made four other proposals, one of which called for—

"An amendment to the existing Federal statute which provides for the mediation, conciliation and arbitration of such controversies as the present by adding to it a provision that in case the methods of accommodation now provided for should fail, a full public investigation of the merits of every such dispute should be instituted and completed before a strike or lockout may be lawfully attempted."

**Try to Intimidate Congress.**

Congress refused to enact this legislation because the labor leaders objected to it, and now we have a situation in which a labor leader can threaten to "tie up the railroads so tight that they will never run again" if Congress presumes to pass an act to which the brotherhood autonomy of facts is unequal to its impetuous demands.

The railroad brotherhoods have embarked upon a policy that even the most conservative of them must admit is economically revolutionary. If their scheme of nationalization under class control is to be carried out in respect to railroads, nobody can draw the line where it shall stop until all industry is under Soviet direction. Yet they are not putting their program out as a matter to be discussed and deliberately considered by the American people. They are trying to force the issue and bring about a revolution by ultimatum.

**The Public Pays.**

In the last three years the railroad employees have received hundreds of millions of dollars in wage increases for which the general public is paying. As a reward for its generosity the country is to be taken by the throat and choked into submission if the most complicated economic issues that have ever confronted it are not settled forthwith. If there is any difference between that kind of arrogance and the arrogance of the German general staff in July, 1914, we should like to know what it is.

# NOT ENOUGH ROOM AT BEREA

We talk of Berea College, but really the institution is an alliance of five schools, including the Collegiate Department, the Normal School for teachers, the great Vocational School of agriculture, blacksmithing, woodwork, printing, business, home science, and nursing, a very large Academy, which prepares for College, and a Foundation School, for those who are above fifteen years of age and are still in the common school branches.

The institution exists for the benefit of the mountains, and the number of students now applying for admission from all the mountain states is so great that it has been decided that for the present no additional students from the north and the Bluegrass can be received. The number of northern and Bluegrass students is very considerable. In fact, one of the great advantages which Berea gives is an acquaintance with some of the best people from all parts of the country. The Red Cross is placing a prominent man at Berea, Prof. G. E. King, who will organize special courses for training Red Cross workers for community service, somewhat like that of county demonstrators.

The College itself is reinforced by several new faculty members and is particularly happy in its new dean and professor of education, Dr. Carl T. Waugh, now in army service, but formerly a professor at Beloit College. He is a graduate of Ohio Wesleyan College and the son of foreign missionaries.

Never has such a large enrollment been predicted in Berea as the one for this fall. The applications are about twice the number of any previous fall term. School begins Wednesday, Sept. 17. Young people of the mountains who are desirous of improving their situation in life, are invited to come.

# HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY

**THIS IS WORTH READING.**

The experience of Mr. E. J. Tompkins, 1438 Rose Street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief.

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and joints, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

And of said total sum the cost of said improvement, the City of Barbourville shall pay from its general fund into the street improvement fund for said Public Square the sum of \$6192.84 representing one half the cost of said improvement, including intersections of streets which run into but do not cross said Public Square.

Sec. 3. Upon approval and publication of this ordinance, the City Treasurer shall give notice by one publication in a newspaper published in said City of the apportionment of the cost of said improvement against the parcels of real estate abutting thereon, requiring all such abutting owners to pay the taxes herein assessed against their respective parcels of real estate within thirty days next after the publication of this ordinance, or, within said thirty days, to make election to pay in installments of ten equal annual payments and enter into contract with said City as hereinafter provided.

The local taxes herein assessed and levied may, at the option of the respective property owners abutting said improvement be payable in cash without interest, within said thirty days, or in ten equal annual installments as herein provided. Any property owner who desires to exercise such privilege of payment in installments shall, before the expiration of thirty days, enter into an agreement in writing with the City of Barbourville that, in consideration of such privilege, he will make no objection to any illegality or irregularity with regard to the taxes against his property, and that he will pay the same in the manner herein provided with specified interest. In cases where such agreements have not been filed within the time limited above, the entire tax shall be payable in cash without interest before the expiration of said thirty days. Any such tax not paid within said thirty days shall bear interest at the rate of six per cent per annum from the date of the publication of this Ordinance.

In case any one or more of said property owners shall elect to pay said tax in ten equal annual installments, the same shall be payable as follows: One tenth of said tax, with interest at the rate of six per cent per annum on the entire tax at the time fixed by law for the payment of general city taxes for the year 1919, and annually thereafter one tenth of the entire tax. At the end of each six months from the time the first installment of tax becomes due, interest shall be due and payable for six months on all unpaid installments of said tax: Provided, however, any person may, at any interest paying period next after the fifth annual installment of his tax becomes due, pay the entire assessment of tax against his property with accrued interest.

Passed: September 18th, 1919.  
Approved: September 18th, 1919  
Thos. D. Tinsley, Mayor.  
Attest: John Parker, City Clerk.

Mrs. R. L. Creal, who is in Cincinnati, continues to improve in health. This will be gratifying news to her many friends.

# SAYS NEIGHBORS GIVEN SURPRISE BY THE CHANGE

**Couldn't Understand Remarkable Improvement Trutona Wrought Woman Avers**

Owensboro, Ky., Sept. 18. "My neighbors who knew the condition I was in, before I began taking Trutona, are surprised to see me working again," Mrs. Fannie Grundy, well known Owensboro woman, of 616 Triplet street, said recently. "I'm certainly grateful for this tonic, for it has given me more relief than any other medicine I've ever taken—and I've tried most all of them," she added.

"I had been troubled with ulceration of the stomach for the past twenty years. My bowels were in very bad condition. I would be severely constipated for three or four days at a time and when I'd take some harsh laxative I'd have a hard time to check the bowel action. Naturally I became very weak.

"I had been bedfast for six weeks before I began taking Trutona. You can imagine my surprise, when, at the end of the first weeks treatment, I was able to get out of bed and began to do my housework again. I'm eating food now that I haven't dared to touch in the past two years. Why, I can even eat corn bread now and that is one food that used to make me sick. I have never before given a testimonial for any medicine, but I feel that the public should know of the wonderful relief I've gained from a one-dollar bottle of Trutona."

Trutona is now being introduced and explained at the Costello Drug Store.
